Water Softening

# ProMate EcoMax Duo

FOR HIGHER WATER USAGE

ProMate  
**ecomax**<sub>duo</sub>

### Do More For Your Water and the Environment

ProMate EcoMax Duo's twin tank softening system contains one brine tank and two resin tanks that use smart technology to seamlessly regenerate. This system combines the efficiency of the EcoMax with over 500 grains of capacity per pound of salt with additional 17% savings incorporating the two tank system because it utilizes 100% of the available capacity of the system and also regenerates with clean conditioned water.

### Benefits of the ProMate EcoMax Duo Water Softener

- 💰 Save up to 57% on operating costs for your water heater
- 🔋 Extends the life of your water-based appliances
- 🧼 Uses less salt, which means less lugging
- 💰 Save up to 70% on soap and detergent
- ✨ Cleaner fixtures, stain-free sinks, tubs and showers
- 👐 Softer skin and more manageable hair
- 🍷 No more spotty dishes
- 👕 Makes clothing whiter, brighter and less scratchy
